

# NZSTI Webinar Subsidy Offer

**We will reimburse your webinar fees  
in exchange for a blog post!**

NZSTI is offering again to reimburse webinar costs in exchange for a post to be published on <https://wordforwordonline.nzsti.org/>.

## **Details:**

This offer is open to NZSTI members, affiliates and observers. Webinar costs of **up to \$70 (NZD)** will be reimbursed. There is a limited budget for this offer, so don't wait too long!

## **How it works:**

- **Select a webinar or recording** in the field of translation and interpreting.
- **Let NZSTI know** (via an email to [info@nzsti.org](mailto:info@nzsti.org)) that you would like to be reimbursed for the registration costs in exchange for writing a review article for the blog [Word for Word](#).
- **Wait for confirmation.** NZSTI has to approve that the webinar is suitable, that the topic hasn't been covered by anyone else, and that sufficient funds are available.
- **Pay for and watch** the webinar.
- Write a review article of **500 to max. 800 words**.
- Find a **suitable image** in JPEG format that you attach to your email to NZSTI (don't embed it in your blog post).
- **Send your blog post and the image** to [info@nzsti.org](mailto:info@nzsti.org).
- Email in your payment receipt and be reimbursed up to \$70 (NZD).
- See your article (and name) published on [Word for Word](#).

Please note that you will be reimbursed only after NZSTI has received your post and confirmed that it is **suitable in length and quality**.

## **Which webinars:**

- Webinars offered by NZSTI, AUSIT, and other translation and interpreting associations
- eCPD and other providers

**Did you know** that NZSTI is a member of [FIT-IFT](#) and that other [FIT member associations](#) might provide their webinars to NZSTI members at the same rate as they would to their own members? So browse their CPD pages as well for discounted rates!

### **Important:**

- Your blog **post must be related to translation and interpreting** and be relevant to other translators and interpreters.
- **Example:** A webinar on translating different legal terminology between New Zealand and Australia would fit the criteria, a webinar about how electric vehicles work would not be suitable.

We look forward to receiving your articles!
