

EDUCATIONAL AFFILIATE MEMBERSHIP

A collaboration that connects education with New Zealand's translation and interpreting profession, enhances programme visibility, and supports clear pathways for future professionals.

What is NZSTI?

The New Zealand Society of Translators and Interpreters is Aotearoa New Zealand's professional body for translators and interpreters.

NZSTI membership supports professional development and connection to the industry.

Partner with NZSTI to support the next generation of language professionals

By becoming an Educational Affiliate of NZSTI, your institution joins Aotearoa New Zealand's national professional association for translators and interpreters. This partnership strengthens connections between tertiary education and the professional sector, supporting clear pathways for students entering the translation and interpreting profession.

Educational Affiliates gain access to industry networks, professional development opportunities, and increased visibility while demonstrating their commitment to high standards in translation and interpreting education.

Who can apply?

Educational Affiliate Membership is open to tertiary and vocational education providers in Aotearoa New Zealand that offer, or are developing, programmes relevant to translation, interpreting, and language studies.

Institutions should demonstrate a commitment to engaging with the translation and interpreting profession and supporting pathways for students entering the field.

ANNUAL FEE

NZSTI Educational Affiliate membership is \$950 + GST per year.
